

Build Something Innovative With Us.

Water, Soil & Air Community Partnership Program

An innovative, grass roots community partnership program between resources sector organisations in the Mid West of WA and the Mid West Food Industries Alliance Inc that celebrates the shared natural resources of water, soil and air provides a platform to grow the Mid West WA Food sector.

Provide Partner Funding.

Provide a direct partner funding contribution over an agreed timeframe to the Mid West Food Industries Alliance Inc to strengthen operational capacity.

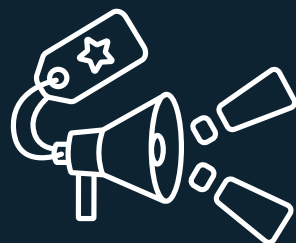

Commit to Local Economic Expenditure.

Commit to re-diverting a percentage of existing expenditure on food to purchasing Mid West WA Food and supporting the development of local food supply chains.

Engage in Corporate Volunteering Opportunities.

Partner with the Mid West Food Industries Alliance Inc to offer in-kind skills and knowledge support through corporate volunteering opportunities for your organisation to an agreed value.

Provide Sponsorship to an Event or Special Project.

Provide event and special project financial support to off-set costs and increase outcomes, with naming rights to the selected event or special project.

Become a Water, Soil & Air Community Partner Today
